VIVAA.FREE FREE-STANDING LUMINAIRE

Waldmann

VIVAA.free

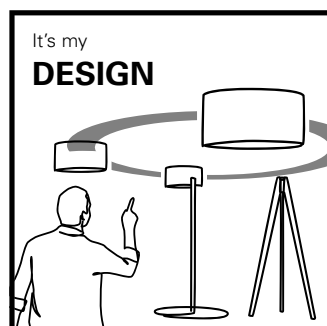

Make the most of your space! Better well-being through dynamic light control. More light output than conventional standing luminaires. Better quality for a long service life.

waldmann.com/vivaafree

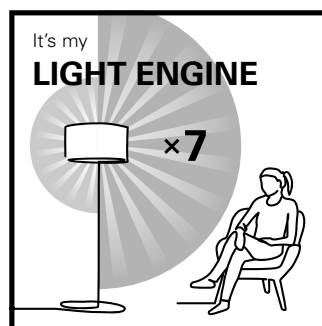

My smart VTL luminaire.

Visual Timing Light promotes health and well-being with the proven VTL lighting system to support natural lighting needs. VIVAA.free's "Plug & Light" function is immediately ready to use.

My style with mix and match options.

At home with Traditional, Industrial or Minimalistic style, the versatile VIVAA.free works with every project. Various woods and metal bases and a choice of lampshades are available.

My personal light source.

More light? Less light? VIVAA.free uses direct and indirect light sources, along with continuous dimming to control light output, creating a soothing atmosphere, even in small rooms.
