TALK Bluetooth module 226987029 - 00762506
Swarm control module

Waldmann **W**

ENGINEER OF LIGHT.

TALK
Bluetooth
Modul

Input voltage 5 – 6,5 V DC
Power supply via controller
Power consumption max. 250mW
Protection class III
Degree of protection IP 20
Operating mode Continuous operation

Ambient temperature
In operation 0°C...60°C

Wireless technology Bluetooth Smart 4.2
Radio transceiver 2,402...2,480 GHz, GFSK, 1 Mbit/s
Range ca. 15 m in buildings
Transmission power Max. + 3,5 dBm
BT QD ID D037748

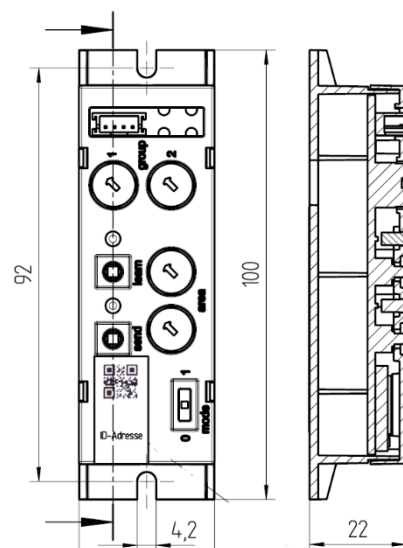

Special features Swarm control module. Possibility of different modes: manual and automatic swarm control.
